

NORM

BATHROOM CATALOGUE 2025

Crafting bathroom furniture, together

At Norm, we put your needs first. By listening to your feedback and working closely together, we continuously refine our bathroom furniture to ensure the perfect fit for your projects.

Your trust is invaluable to us. Quality and service are at the heart of everything we do, and we strive to build long-term partnerships with our customers.

Looking for expert advice or a customized solution?
Our team is always ready to assist you.

Together, we create bathroom furniture that combines style, functionality, and durability.

Best regards

Yves De Permentier
General Manager Norm NV

ABOUT US

WHAT CAN WE DO FOR YOU?

You can rely on us for the production of private or white-label bathroom furniture, wardrobes, kitchens, and interiors in large quantities.

In this catalogue, we present our standard ranges of bathroom furniture. Would you like a piece that deviates from this standard? Contact us—we're happy to work with you. Together, we strive for furniture with a contemporary design and high quality at an affordable price.

100% BELGIAN PRODUCTION

As a Belgian manufacturer, we pay extra attention to practicality and maximizing storage space in our furniture.

Naturally, we place a strong emphasis on quality during production, so little follow-up is required from you as a customer.

SUSTAINABLE

To guarantee you a piece of furniture of outstanding quality, we work exclusively with sustainable materials.

Our wood waste is sorted, and our chipboard supplier then processes this recycled material into chipboard, which we gladly use for our furniture.

Both parties are investing in a Flemish economy where circularity takes precedence.

OUR VALUES

Norm is **authentic**.

We want employees to trust one another and communicate honestly and openly. With this foundation, we can also create trust with our customers.

At Norm, we work with **passion**.

We place the right people in the right positions so that everyone can work for the customer with zeal and dedication.

At Norm, our employees **enjoy** working together.

By developing ideas collectively and each taking responsibility, we not only arrive at better solutions and services but also achieve satisfied customers.

At Norm, we strive for **innovation**.

With an open mind and creative boldness, we respond flexibly to market developments and continuously work on improving our internal processes.

At Norm, we work in a caring manner, **with respect for one another and for the environment**.

HOW DO WE WORK?

ORDERING

- Possibly via EDI.
- Via email and order form with item numbers.

TRANSPORT

- Own transport or dropshipment, on pallet.
- Labelling and procedures tailored to the customer's requirements.

MARKETING SUPPORT

- Provision of content & high-quality renders.
- Assistance with brochure creation.

OWN AFTER-SALES SERVICE

- contact details:
service@normnv.be
+32 56 36 43 65

OWN DESIGN TEAM

- Custom designs.
- Keeping up with the latest developments and trends.

DELIVERY TIME

- Standard 4 weeks, but fast delivery times are possible on request and depending on volumes.

PRIVATE COLLECTION

SHELLA

Discover our sleek and contemporary handleless bathroom cabinet SHELLA. This cabinet can be installed both as a free-standing unit and wall-mounted in your bathroom.

Need even more storage space? Then combine all our bathroom furniture with a matching tall cabinet from the same series. This way, you can be sure that everything looks perfectly coordinated.

Available in:

Base cabinets

with 1 drawer, 2 drawers, 2 drawers with plinth, and 4 drawers with plinth

Column cabinets

with 2 doors, 4 doors, 2 doors with plinth, and 4 doors with plinth

BELLE

Our BELLE furniture range is a bathroom cabinet finished with a refined handle on the exposed edges.

All our drawers and doors close with a soft-close system. This means they gently shut without causing noise if accidentally pushed too hard.

This also means the cabinet experiences less strain and will last longer.

MATERIALS

Our furniture is primarily made from melamine, a highly maintenance-friendly and stain-resistant material. Other materials are also available.

The side panels are finished with an ABS edge band, providing optimal protection against moisture. Thanks to our laser technology, you get a completely seamless piece of furniture.

MELAMINE

Our melamine panels consist of a high-density chipboard finished with melamine resin-impregnated decor paper. Both sides of the panel are coated with this high-quality finishing material under high pressure and heat for durability and a premium look.

The advantages of this material:

- Authentic-looking decors and surfaces
- Wear- and scratch-resistant
- Colorfast
- Very easy to maintain
- Recyclable
- Antibacterial

POWDER COATING

Powder coating is an environmentally friendly technique in which dry powder particles adhere to a wood surface through electrostatic charge.

The advantages of this material:

- Anti-fingerprint: Reduces fingerprints on the surface and makes cleaning easier
- Pleasant warm touch
- Resistant to common stains
- Heat and moisture resistant
- Resistant to deeper scratches

SOLID OAK

Solid wood gives bathroom furniture a warm and natural look. This durable material withstands humid environments with the right treatment. The unique grain structure and color variations make each piece one of a kind, allowing you to create an authentic and stylish bathroom interior.

The advantages of this material:

- Unique
- Very natural & strong
- Rustic & authentic appearance
- Resistant to wear, dents & scratches
- Long-lasting durability

VENEER

Veneer offers the beauty of real wood grain in a thin, durable layer, making it ideal for bathroom furniture. It adds a refined, natural look to your bathroom interior.

The advantages of this material:

- Retains the natural beauty & unique characteristics of wood
- Less prone to shrinking or expanding
